## Professional Summary

As a .NET developer with 10 years of experience in .NET Core full-stack development, Azure, ReactJS, and Angular, I am skilled in developing robust, scalable, and high-performance applications using modern technologies. My experience includes designing, developing, testing, and deploying complex applications on cloud-based platforms such as Microsoft Azure. I have extensive knowledge of the .NET framework and its associated technologies, including C#, ASP.NET, and Entity Framework. My proficiency in front-end technologies such as ReactJS and Angular enables me to develop user-friendly interfaces and enhance the overall user experience. I am highly analytical, detail-oriented, and possess excellent problem-solving skills, enabling me to quickly identify and resolve technical issues. I am also adept at working collaboratively with cross-functional teams and communicating effectively with stakeholders, ensuring project success. My passion for technology and continuous learning enables me to stay up-to-date with the latest trends and innovations in the industry, ensuring that I deliver high-quality solutions that meet or exceed client expectations.

## Skills & Core Competencies

Full Stack Development	Responsive Web Design	Client Relationship Management
Front End Development	Experience with Azure	Project Management
Continuous learning	Agile Methodologies	Stakeholder Management
Software Architecture	Collaboration	Software Development
Docker Products   JavaScript	Troubleshooting   Scrum	Problem solving skills
Product Development	Ability to work independently and in a team environment	

## Technical Skills

- **Framework:** .NET 7, .NET Framework 3.5 and 4.0 | **Languages:** C#, JavaScript.
- **Operating System:** Windows 10 | **Front-Ends:** Angular 8, React.js, AngularJS.
- **Unit Testing:** Jasmine-Karma, Xunit | **Web Technologies:** ASP.NET, .Net Web API, JavaScript, Node.js | **Database:** MS SQL Server, MySQL | **Cloud:** Microsoft Azure.
- **Project Management Tool:** Azure DevOps | **ORM:** Entity Frameworks, EF Core.
- **Version Controller:** GIT, Azure DevOps

## Professional Experience

### Duck creek Technologies (SaaS Solution Provider) – Remote Software Engineer

[Feb 2020 – Present]

- Developing software product using programming languages such as C#, web Api and .NET Core
- Developing WebApi based on OpenApi Standard guidelines and which would be consumed by UI and other applications using HttpClient
- Spearhead with development guidelines to expedite application design efforts through ready-made frameworks.
- Develop technical solutions and provide guidance and mentorship to junior team members
- Correspond to replace a soiled software architecture to boost productivity and provide phenomenal client experience.
- Communicate effectively with team members, stakeholders, and clients, providing regular updates on project status and progress.
- Working with 6 members team and directly reporting to Sr Architect.

**Tech Skills:** .Net core, C#, Web Api, MS SQL, Microsoft Azure, Angular 12, Swagger Api Documentation

**Cognizant Technologies Solution – Chennai, India**  
**Senior Associate**

**[Nov 2019 – Feb 2020]**

- Corresponded to consult regularly with internal customers on application development project status, and software-related technical issues.
- Outperformed to create proofs of concept for innovative new solutions.
- Contributed ideas and suggestions in team meetings with Manager and delivered updates on deadlines
- Improved system performance by making proactive adjustments and resolving bugs.
- Successfully drove Scrum team progress to overcome obstacles and realize success throughout life of each sprint.
- Led sprint reviews, daily scrums and planning meetings to realize full team engagement.
- Managed 3 junior level developers.

**Tech Skills:** .Net, C#, Web Api, MS SQL, Reactjs, Angular.js, MySQL

**Cognizant Technologies Solution – Chennai, India**  
**Associate**

**[Jan 2016 – Oct 2019]**

- Collaborated with cross-functional development team members to analyze potential system solutions based on evolving client requirements.
- Tested troubleshooting methods, devised innovative solutions, and documented resolutions for inclusion in knowledge base for support team use.
- Mentored junior developers and engineers, teaching skills and working to improve overall team performance.
- Worked effectively with multiple Scrum teams both internally and off-shore.
- Mentored 2 junior level developer.

**Tech Skills:** .Net, C#, Web Api, MS SQL, Reactjs, Angular.js, MySQL

**Computer Science Corporation – Chennai, India**  
**Associate Product Developer**

**[Nov 2014 – Dec 2015]**

- Assist in the design, development, and testing of software applications
- Collaborate with team members to understand requirements and deliver high-quality code
- Coordinated to work with project managers, developers, quality assurance, customers to resolve technical issues.
- Worked with 12 members engineering team.
- Configured, installed and tuned .Net based systems.

**Tech Skills:** .Net, C#, Silverlight, WPF, WCF, MS SQL, InterSystem Cache

**Trace Technologies – Chennai, India**  
**System Engineer**

**[Aug 2012 – Nov 2014]**

- Corresponded to work closely with customers, internal staff and other stakeholders to determine planning, implementation and integration of Application.
- Support and maintain existing applications and systems
- Outperformed with project managers, developers, quality assurance and customers to resolve technical issues.

- Worked with 5 members of team.

**Tech Skills:** .Net, C#, asp.net web form, Window form, WCF, MS SQL

### **Professional Certifications**

- AZ-900: Microsoft Azure Fundamentals [2019].
- 70-774 Perform Cloud Data Science with Azure Machine Learning [2019].

### **Education**

- Bachelor of Engineering in Computer Science from AMS College of Engineering [Anna University], Completed in the year [2007-2011] – Chennai, India.

### **Language**

- English and Tamil.
